SUPER FOAMING BRUSH CAR WASH

This product is a highly concentrated, pink coloured detergent with a pleasant fragrance formulated for use in foaming brush and hand mitt applications. This product produces rich, stable, lubricating foam that washes away dirt and road grime while conditioning the finish for wax or sealant treatments. It rinses easily to a sparkling shine. It is gentle on hands and will not harm paint, rubber or chrome and is fully biodegradable and phosphate free.

DIRECTIONS: This product may be diluted with up to 500 parts of water. The concentration should be adjusted to desired foam level. It works well in manual operations, with friction automatic car wash equipment and foam generation equipment.
