

G472

## BILGE CLEANER

This product is a highly effective, biodegradable liquid cleaning concentrate containing emulsifiers, corrosion inhibitors, wetting and cleaning agents.

**DIRECTIONS:** For cleaning bilge plates, machinery and piping, spray area with Bilge Cleaner and leave for 5-15 minutes. Hose down with water.

For cleaning bilges add 4 - 6 oz Bilge Cleaner per 25 ft. of boat length into bilge water. Allow time for agitation. Then pump out. Add same amount of Bilge Cleaner to newly cleaned bilge to facilitate cleaning in the future.

For spray cleaning of decks and hulls use 1 - 4 oz per gallon of water.

**COMMERCIAL USE ONLY**
