

G499

MC-1 CLEANER

This product is an economical and safe cleaner in which mild alkalis and synthetic detergents act synergistically to handle many soils generally requiring strong chemical cleaners.

DIRECTIONS: Use initially at a 1:15 ratio and adjust as results are achieved.

For cleaning fixtures, upholstery or walls, apply 1:10 with sponge or cloth.

General Maintenance: 1:40 to 1:100 depending on soil.

White sidewalls: 1:10.

Window Cleaning: 1:30 to 1:50.

For grease encrusted floors: 1:14.

For moderately soiled areas: 1:50.

For steam cleaning: 1:20 to 1:100 depending on soil conditions.

Truck and bus washing: 1:20 to 1:40.
