W-22 ACID CLEANER

W-22 ACID CLEANER is an excellent product for removing stains and hard water build-up from bathtubs, toilets, urinals, ceramic and wall tiles.

DIRECTIONS:

Dilute with up to 4 parts water for heavy deposits. For lighter cleaning jobs, dilute with up to 10 parts water. Apply with a mop or cloth, allow 5 minutes contact time and rinse with clean water.

PRECAUTION:

USE ONLY ON ACID RESISTANT SURFACES.

COMMERCIAL USE ONLY

October 20, 2016
