CLINGING BOWL CLEANER

CONCENTRATED URINAL AND BOWL CLEANER
CLEANS - DESCALES - DEODORIZES

This product is a thick pleasant-scented bowl cleaner designed to adhere to urinals and toilet bowl walls. This extra contact time reduces the need for scrubbing. A special blend of inhibited acids and non-ionic surfactants provide excellent cleaning, descaling and deodorizing properties without harming plumbing. This product is ideal for use in institutional, commercial and food plant operations.

DIRECTIONS: Squeeze bottle and squirt a light film of product over surface to be cleaned. Spread product evenly over surface with a bowl-mop or brush. Allow 5 minutes contact time to loosen scale and stains. Then rinse clean.

CAUTION: Contains lactic and hydrochloric acids. Do not use with bleach or alkaline cleaners. Use only on acid resistant surfaces.
