## KG-20 KITCHEN CANOPY CLEANER

This is a specially formulated non-caustic kitchen canopy cleaner designed with selected sequestering agents, surfactants and emulsifiers. It provides excellent degreasing, cleaning and dispersion qualities.

**DIRECTIONS:** For kitchen canopy flush systems, apply product at full strength. For general cleaning applications, use 7-25 ml/L (1-4 oz/gal) depending on soil conditions. Rinse well with potable water after cleaning.

**COMMERCIAL USE ONLY**
