SANI HANDS

NPN 02242309

This product is an isopropyl alcohol based hand sanitizer containing moisturizers and skin conditioners. This product will reduce the risk of cross-contamination by providing reduction of bacteria and micro-organisms. It is excellent for use in food plants, hospitals, nursing homes and other facilities where sanitation is a high priority. It can be used on bare or gloved hands.

DIRECTIONS: Dispense approximately 3 ml of product onto hands, rub together vigorously until dry. Rinsing or drying is not required. Use after hand washing and between washing as needed.

WARNING: Avoid contact with eyes. If contact with eyes should occur, flush with water for 10-15 minutes. If irritation persists, seek medical attention.

The Canadian Food Inspection Agency has no objection to the use of this product in food plants when used according to label directions.
