SANI HANDS TH

NPN 02242309

This product is an isopropyl alcohol based, viscous hand sanitizer containing moisturizers and skin conditioners. The use of this product will reduce the risk of cross-contamination by providing a reduction of bacteria and micro-organisms. It is excellent for use in food plants, hospitals, nursing homes and other facilities where sanitation is a high priority.

DIRECTIONS: Dispense approximately 1-2 ml of product onto hands, rub together until dry. Rinsing or drying is not required. This is not a hand cleaner. Use after hand washing and between washing as needed.
