NON-CAUSTIC GRILL CLEANER

DESCRIPTION: Non-Caustic Grill Cleaner is a concentrated degreaser designed for heavy duty cleaning of kitchen canopies, grills and ovens. It rapidly penetrates and breaks down carbonized grease, oil and soot. This product is safe to use on all metal surfaces.

DIRECTIONS: Remove excess carbonized grease and oils from surface to be cleaned. Cool griddles and ovens to 175°C (350°F) or lower before application. Apply Non-Caustic Grill Cleaner directly with a spray bottle or brush. Scour with non-scratching pads. Wipe surfaces clean with a wet rag or sponge. Oil and cure the grill to prevent rusting.

For use with automated kitchen canopy flush systems, use Non-Caustic Grill Cleaner at full strength.
