

L506

## CPX LAUNDRY DETERGENT

This product is a white heavy-duty medium-sudsing laundry compound for efficient removal of soil. It is a very dense, concentrated product with a light lemon fragrance and contains detergent builders, surfactants and optical brighteners.

**DIRECTIONS:**

For top loading domestic type washers, add 1/2 to 3/4 cup per load. More may be required for heavy soil conditions.

For use in commercial machines, add 6-8 oz. of detergent for each 50 lbs. of dry clothes. More may be required for extra heavy soil and dirt conditions. It may also be used with an alkali booster.
