

L510

LIQUID ENZYME PRESOAK AND DETERGENT

This product is a high quality laundry detergent fortified with active protease enzymes for efficient removal of food and organic stains. This is an environmentally friendly and biologically safe detergent that is phosphate-free and pH neutral. It is formulated to handle hard water, enzymatically degrade protein stains, and emulsify and suspend soils without redeposition.

Liquid Enzyme Presoak and Detergent is ideally suited as an additive in the pre-wash cycle in commercial laundry applications. It is also well suited as a gentle detergent for use in domestic washing machines. It is safe to use on all fabrics.

DIRECTIONS:

For Commercial Pre-wash, use 2-4 oz per 50 lbs of laundry.

For Domestic Top Loading Washers, use 4-6 oz per load.

For Domestic High Efficiency Machines, use 2-4 oz per load.

NOTE: Do not use this product in the same wash cycle as alkali or bleach. Water temperatures should be kept below 140°F (60°C).
