

L522

## HARD WATER DETERGENT

This is a high quality product specially formulated to provide effective cleaning of all fabrics. It is ideally suited in areas where hard water is a problem.

**DIRECTIONS:** Use this product with an alkali when processing heavily soiled loads in high temperatures. When washing wool, silk or delicate synthetics, use alone at low temperatures (40°C). When used in commercial washing equipment with an alkali additive use 2 - 4 ounces per 50 pounds of laundry. For top-loading domestic washers, use 1/2 – 3/4 cup.
