TECHNICAL DATA SHEET**H-150
NON-TOXIC GLYCOL SOLUTION
-33⁰C (50/50)**

This product is an inhibited propylene glycol based antifreeze providing protection down to -33°C.

It is designed for use where a non-toxic heat transfer fluid is required. It is a clear colourless liquid and has no odour.

The inhibitor package in H-150 provides excellent corrosion protection.

H-150 is well suited for use as antifreeze in heating systems where a non-toxic compound is desired. It is also ideally suited for use in recreation vehicles.
