

S781

H-170 NON-TOXIC GLYCOL SOLUTION -40°C (55/45)

This product is an inhibited propylene glycol based antifreeze providing protection to -40°C.

It is designed for use where a non-toxic heat transfer fluid is required. It is a clear colourless liquid and has no odour.

The inhibitor package in H-170 provides excellent corrosion protection.

H-170 is well suited for use as antifreeze in heating systems where a non-toxic compound is desired. It is also ideally suited for use in recreation vehicles.
