CARNAUBA SEALING WAX - LEMON

This product is a super concentrated sealant wax with a fresh lemon aroma designed for use in touchless/frictionless washes. The carnauba wax imparts a glossy finish that acts as a water repellent barrier. It is biodegradable, phosphate-free, and safe to use on all vehicle surfaces.

DIRECTIONS: Product is designed to be diluted at up to 1:800 with warm water. Apply this product directly before the final rinse cycle for optimal performance.
