TECHNICAL DATA SHEET

CARNAUBA SEALING WAX - ORANGE

This product is a super concentrated sealant wax with a fresh orange citrus aroma designed for use in touchless/frictionless washes. The carnauba wax gives the vehicle a glossy finish and forms a protective barrier to seal out water, salt, and dirt. It is biodegradable, phosphate free, and safe to use on paint, rubber, and chrome.

DIRECTIONS: Product is designed to be diluted at a ratio up to 1:800 with warm water. Apply this product directly before the final rinse cycle for optimal performance.
