TECHNICAL DATA SHEET

RED CHERRY FOAM BRUSH DETERGENT

This product is a highly concentrated, red coloured detergent with strong cherry fragrance. It is formulated to produce a dense, colourful foam which helps to remove stubborn soils, grease, and road film. It rinses easily, leaving a streak free, sparkling shine. This product will work equally well in hard or soft water and is safe to use on all vehicle surfaces.

This product is fully biodegradable and phosphate free.

DIRECTIONS: The product is designed to be diluted with water up to 1:900. The dilution ratio may be changed depending on the degree of soiling present. The product should be applied before the final rinse, sealant, and drying processes.
