TECHNICAL DATA SHEET

FOAMING WHEEL CLEANER

This product is a concentrated, high foaming alkaline detergent fortified with pine oil for wheel cleaning. It effectively removes grime and brake dust from tires, restoring the rubber to a natural black sheen. Foaming wheel cleaner is made with fully biodegradable detergents, is safe to use on all surfaces and has a fresh pine scent.

DIRECTIONS: Dilute product 1:64 with warm water. Apply diluted product directly with a pressure washer, automated car wash spray nozzles or with wheel cleaning brushes.
