TECHNICAL DATA SHEET

JET CLEAN

This product is a top quality all-purpose liquid butyl cleaner and degreaser. It can be used to clean almost any surface. It will not harm plastic, cloth, paint or vinyl.

It contains surfactants, water softeners, active detergent builders and organic solvents. It is efficient in cold or hot water, is safe on aluminum and painted surfaces and is non-flammable.

DIRECTIONS: For damp mopping and light duty cleaning of floors and walls, dilute with 100 parts of water.

For general cleaning and degreasing of floors and walls, dilute with 40 - 80 parts of water.

For cleaning and degreasing furniture and fixtures including vehicle interiors, dilute with 10 - 20 parts of water.

For steam cleaning and high pressure washing vehicles and equipment, dilute with 20 - 40 parts of water.

For heavy duty cleaning jobs, dilute with 5 - 10 parts of water.
