TECHNICAL DATA SHEET

MAGNUS III

H.D. BATHROOM CLEANER

This product is a highly concentrated blend of acids and detergents designed for hard surface cleaning in bathrooms. It is ideally suited for use with mixing stations or other automated dilution systems. It can also be used as an all-around bathroom cleaner for tubs, tile, sinks and metal fixtures.

DIRECTIONS

Light Duty Cleaning: Dilute at 6 oz/gallon (35 ml/L) with water.

Medium Duty Cleaning: Dilute at 12 oz/gallon (70 ml/L) with water.

Cleaning and Sanitizing: Dilute at 32 oz/gallon (200 ml/L) with water.

Major Build-up of Hard Water Scale, Soil, etc.: Dilute at 64 oz/gallon (400 ml/L) with water.
