REFRESH PEROXIDE CLEANER

Refresh is a hydrogen peroxide based multi-purpose cleaner, stain remover, sanitizer and deodorizer. It is fully biodegradable with environmental benefits not normally found in cleaning compounds. This product is a mild yet effective cleaner that provides superior cleaning properties. Hydrogen peroxide breaks down to form water and oxygen leaving no chemical residue.

Refresh is an environmentally responsible product that can be used on most surfaces in a variety of areas including bathroom fixtures, glass and mirrors, floors and walls, desks, tables and chairs, countertops, chrome and bright work, tile and grout.

DIRECTIONS: For damp mopping, dilute the product 1:250 parts of water. For use in general cleaning and sanitizing with a mop and bucket, and as a spray and wipe cleaner, dilute the product 1:32 to 1:80 for normal to light duty cleaning. For difficult stain removal, use the product as is or dilute it 1:5 with water.

Refresh is ECOLOGO certified to Hard Surface Cleaners UL 2759. ECOLOGO certified products are certified to ECOLOGO standards for reduced environmental impact. For more information, visit ul.com/el.
