TECHNICAL DATA SHEET

GREASE OUT

This product is a highly concentrated solvent-based prespotters and grease remover ideally suited for use on fabric stains in laundry, dry-cleaning and hospitality cleaning applications.

This product contains a special blend of water-soluble solvents, emulsifiers, surfactants and deodorized petroleum distillates. It is particularly effective for use on oil, grease, lipstick, cosmetics, salad oil, pasta sauces and ball-point ink.

DIRECTIONS: Spray directly on stained areas and mix in. Allow time to soak before laundering in hot water. It may also be added with detergent directly to the wash cycle.
